

The Electronic Printing Solution for your Competitive Edge

EZeDocs/400 eLabels software lets you create industry-standard barcodes and labels, as well as custom documents to fit your company's needs. Create and print labels when needed, as needed. EZeDocs/400 eLabels module gives you cost saving performance and flexibility to help keep your company ahead of the game.

Benefits

- Eliminates the need for barcode fonts built into printer.
- Eliminates the need for outside printing companies.
- Eliminates inventory of pre-printed labels.
- Improves speed and efficiency by using laser and thermal transfer printers instead of impact printers.
- Enables changes to document layout in a matter of minutes.

iSeries (AS/400) Barcode Label Printing Made Easy

- Generates industry-standard barcode types including UPC, 3 of 9, Postnet and Code 128, & many more.
- Easy-to-use documentation plus quality technical support will have you printing compliant label templates and customized labels quickly and efficiently.
- This iSeries (AS/400) resident application integrates with your iSeries (AS/400) programs without the need to download the data to other platforms.

EZeDocs/400 eLabels Product Features

Leading Edge Performance, Features and Capabilities

- Complies with AIAG, Kmart, Wal-Mart, JCPenny and all other standard label formats
- Thermal Transfer Printer support for on-demand labels
- Laser labels printed in "multi-up" format
- Print labels with or without human readable fonts
- Automatic check digit calculation
- Optional PC (WYSIWYG) design tool for laser label printing (EZDesigner/400 Module)

EZeDocs/400 eLabels solution comes through with speed and mastery. Aided by fast, efficient data access, and thanks to iSeries (AS/400) API support, EZeDocs/400 eLabels precisely merges label overlays and database files onto blank label stock.
