

- Are your customers asking you to send documents electronically?
- Would you like to reduce your mailing costs?
- Would you like to e-mail documents (e.g., Purchase Orders, Invoices, Statements, Expense Reports, etc.) to your customers?

Now you can... with **EZeDocs eMail** solution! EZeDocs eMail software enables you to e-mail any form or document... directly from your PC!

EXAMPLE: Several of your suppliers have requested that you e-mail all monthly purchase orders (PO) to them.

Benefits of Sending eMail Versus Mail:

- **Reduced mailing costs...** no postage, envelopes, or mailing labels required
- **Reduced labor costs...** much faster to e-mail than print, stuff & stamp
- **Meet customer needs...** many companies prefer to receive documents electronically

EZeDocs eMail Solution Interfacing:

- When interfaced with ACOM's EZeDocs eForms Solution, EZeDocs eMail can convert all your EZeDocs electronic forms into PDF documents, and you can e-mail these important documents to your customers or partners! (EZeDocs eForms allows you to print all forms to a laser printer, using blank paper, or to distribute multiple copies to multiple printers, all from your PC - for more information, see ACOM's EZeDocs eForms Solution datasheet, or call ACOM at 800-699-5758.)

* PDF = Portable Document Format

Additional Features:

- EZeDocs eMail can exchange e-mail through any network mail server available to your PC, including Exchange Servers and Notes/Domino Servers.
- EZeDocs eMail is compliant with SMTP/MIME and POP3.
- It can be used to keep track of company and contact names, phone numbers, sales information, or anything to which you would like to have quick access.

About ACOM Solutions, Inc:

ACOM develops solutions that integrate with enterprise applications to enhance back-office and B2B processes for electronic, Internet and paper-based commerce. ACOM solutions run in all computing environments (host-resident on Windows, iSeries, and AS/400 computers), and are compatible with all financial management/ERP applications.

Solutions include:

- Software solutions to design, print and send electronic back-office forms (via e-mail and automated fax)
- Software/Hardware solutions to print MICR laser checks
- Software solutions to send electronic back-office payments (direct deposit payroll payments, accounts payable, etc.)
- Electronic data interchange (EDI/XML) software solutions for e-commerce between multiple trading partners
- Software to enable/enhance internet-based commerce
