

eRemittance Module

- Reduce Costs
- Automate
- Improve Efficiency

- Are you looking to eliminate the costs associated with paper notification and postage?
- Would you like to provide your employees with instant notification of Direct Deposit and T&E* reimbursement?
- Have you considered providing your vendors with electronic remittance notification and advice through the use of email, automated fax, or web forms?

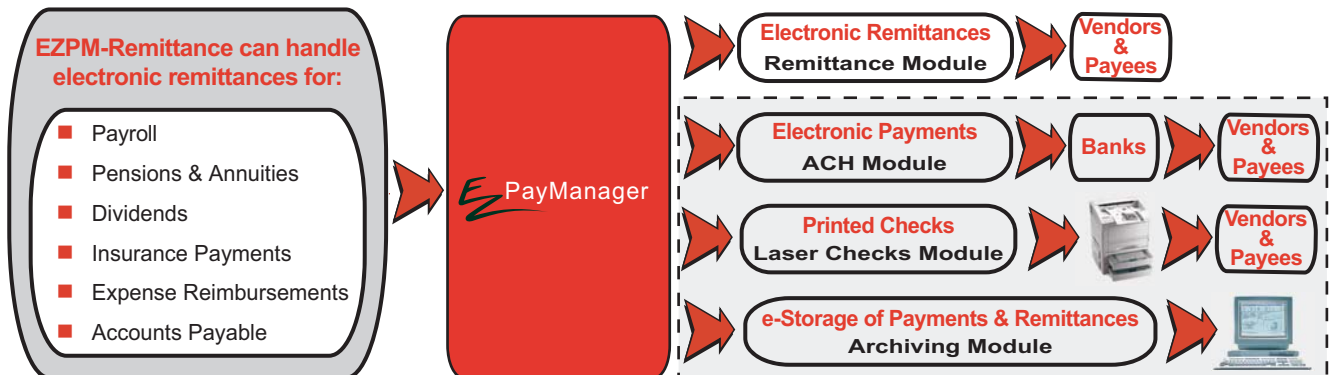

ACOM has the solution: EZPayManager's Remittance Module (EZPM-Remittance)!

EXAMPLE: You need to send your vendors electronic remittance notifications.

BENEFITS OF SENDING ELECTRONIC REMITTANCES VERSUS MAILING REMITTANCES:

- **Reduce mailing costs...**no postage, envelopes, or mailing labels required.
- **Reduce labor costs...**much faster to send remittances electronically than to print, stuff, stamp & mail.
- **Reduce costs...**up to 90% by sending remittances electronically.
- **Improve service...**recipient companies know exactly when funds will be transferred out of their account(s) for payments.
- **Meet customer needs...**many companies prefer to receive documents & payments electronically.

ACOM's PAYMENT MANAGEMENT SOLUTIONS:

ACOM, the payment management expert, has worked with thousands of companies around the world to help them update and enhance their payment processes. Whether you need an enterprise-wide solution or a solution for a single site, ACOM can help.

ACOM's unique EZPayManager (EZPM) Solutions Suite enables users to issue either paper checks or electronic payments, on a case-by-case basis. These solutions add significant convenience, efficiency and security features to back-office applications, in addition to the cost reduction benefits. In fact, the United States Treasury recently conducted a study comparing electronic payments to paper payments, and found these results:

- The average cost per transaction was 22.5 times less for e-payments than for paper checks.
- The payment inquiry rate was 32 times less for e-payments than for paper checks.
- The average time to resolve inquiries was 24 hours for e-payments and 14 days for paper checks.

EZPM-Remittance is an add-on module of EZPM and it integrates seamlessly with your existing accounting/ERP system, without any custom programming! EZPM-Remittance makes the process of adding electronic remittance capability to your current financial application efficient, secure & easy to implement.

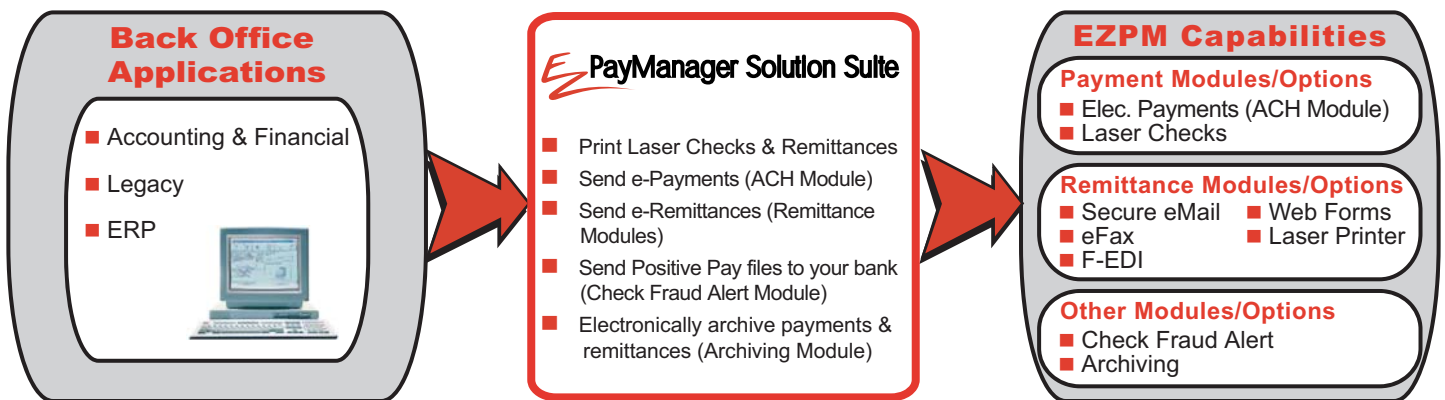

MORE ABOUT ACOM SOLUTIONS, INC:

ACOM develops solutions that integrate with enterprise applications to enhance back-office and B2B processes for electronic, Internet and paper-based commerce. ACOM solutions run in all computing environments (host-resident on Windows NT, iSeries and AS/400), and are compatible with all financial management/ERP applications. Solutions include:

- Software solutions that enable users to send and receive e-payments (ACH* & F-EDI) & e-remittance details (via e-mail, fax or EDI).
- Software/Hardware solutions to print MICR laser checks, forms and remittance details.
- Electronic data interchange (EDI/XML) software solutions for e-commerce between multiple trading partners.
- Software to enable/enhance internet-based commerce.
